

CHARGE QUOTE

The call for price transparency in healthcare is growing. Providers need to help patients make educated decisions about their treatment options and provide meaningful information about their patient financial responsibility. The benefits of doing so include: Provide pricing transparency, educate patients on payer requirements and benefits, provide estimates prior to service avoiding unexpected liability, reduce patient dissatisfaction directed at the provider and increase self-pay collections while decreasing bad debt.

The purpose of **The PARA Data Editor Charge Quote** tool is to provide timely and accurate patient estimates for self-pay, Medicare and commercial payers.

The **PARA Data Editor Charge Quote** tool will help your facility provide patients with this information and their payment options before the time of service. The **PARA Data Editor (PDE)** empowers your staff to develop patient estimates quickly and easily. Charge Quote is user friendly with critical components on a single screen to provide:

- A combined quote for multiple services in one encounter
- Self-Pay, Medicare and commercial payer estimates
- Patient Letters with customization capabilities
- Secure process for emailing the patient letter
- A built in DRG Grouper to facilitate Inpatient quotes
- Complete facility control over pricing structure
- Quote Management - filtering, locking & archiving
- EDI interface provides real-time eligibility & benefits
