

PARA DATA MAINTENANCE

With all of the constant changes to coding and billing requirements, many organizations are overwhelmed with maintaining billing systems. Annual pricing updates are also a challenge for many facilities. **PARA** has the capability to assist the hospital in the implementation of updated CPT®/HCPCS codes and prices through **PARA's Data Maintenance Services**.

PARA can produce a custom upload file or **PARA** will process the price change utilizing a VPN connection and Boston Workstation scripting to set each individual price.

The screenshot shows the BAR.MMH (H/LIVE.GLM.MIS/145) window with the following data:

Effective Date: 10/01/10
Procedure Code: 95992

	-New-			-Old-			
Rate Sched	Charge	P/C \$	P/C %	Eff Date	Charge	P/C \$	P/C %
Standard	37.00			12/01/09	33.00		

Contact your PARA Account Representative to learn more about PARA's Data Maintenance program!
